

The Hump Day Diaries

This is a collection of sex toy reviews I did for my humor blog, PajamasandCoffee.com (they are no longer on the internet). The reviews include Fuck a Duck (a rubber ducky vibrator), a few erotic/sex-related books, Jersey Whores porn movie review, an inflatable sheep toy review, the time I froze my cooter (The Iceman Cometh) and the time I tried whipping myself with a SLUT paddle to see if I could get it to leave a mark. Holy shitballs of fire, I even had my husband use the Clone a Willy kit and I reviewed that. No shame. There are 20 posts in the e-book altogether- 19 are the lost Pajamas and Coffee sex toy reviews (including all their photos), and the last chaplet (I don't know what the fuck a chapter is called in an e-book) is a brand new piece I wrote called Everything I Needed to Know About Vibrator Orgasms I Learned From My Mid-Life Crisis.
