Small Group Bible Study books for your small group: Real life event with probing questions, bible passages dealing with the event and exercises to follow. For some, the wounds of the heart are beyond the reach of close friends or family members. This is especially true when one is wounded within the very nucleus of society that God has ordained for us to know of Him and his love, the family. When this sacred trust of love is distorted and maligned by those who are called our father or mother, the hurt is deeper than a humans ability to heal. This study is about such an event and, other than Gods touch, nothing can meaningfully mend these broken hearts.
