

Dancing with Jake

A modern day fairy tale for children stressing the importance of being responsible to oneself and to one's family. Jake's dancing journey takes him far and wide. He discovers that the sage brush which is the only source of food in the winter for the Gunnison Sage Hens is becoming very scarce. A plea to find a way to save the sage bush becomes an important message. Charlotte Bucher is the author and illustrator of this, her second book. This widely traveled Colorado native now spends her time searching for new areas to include in her charming children's books.
