

The Works of Thomas a Kempis, Vol. 4 (Classic Reprint)

Omnia Opera of Thomas k Kempia is beingedited by Dr. M. Joaeph Pohl, of Bonn, in seven volumes, of which four have already appeared, and the remainder are to be issued in the course of 1907. An eighth volume is to contain a life of the author, a dissertation on his various writings, and a vindication of his title to the Imitation by the same indu Btrious hand. The publishers, Messrs. Herder, are doing their work in a way worthy of the subject matter, and of the painstaking toil of the editor; their volumes are a pleasure to behold and handle, a masterpiece of the printers and the bookbinders art, a contrast indeed to the unwieldy tomes and cramped letterpress, to which, apart from the Imitation, students of the Ven. k Kempis have hitherto been accustomed. From this edition is taken Dr. Duthoit stranslation.(Typographical errors above are due to OCR software and dont occur in the book.)About the Publisher Forgotten Books is a publisher of historical writings, such as: Philosophy, Classics, Science, Religion, History, Folklore and Mythology.Forgotten Books Classic Reprint Series utilizes the latest technology to regenerate facsimiles of historically important writings.
