

Stage-Structured Populations: Sampling, analysis and simulation (Molecular Biology Intelligence Unit)

This book provides a review of methods for obtaining and analysing data from stage-structured biological populations. The topics covered are sampling designs (Chapter 2), the estimation of parameters by maximum likelihood (Chapter 3), the analysis of sample counts of the numbers of individuals in different stages at different times (Chapters 4 and 5), the analysis of data using Leslie matrix types of model (Chapter 6) and key factor analysis (Chapter 7). There is also some discussion of the approaches to modelling and estimation that have been used in five studies of particular populations (Chapter 8). There is a large literature on the modelling of biological populations, and a multitude of different approaches have been used in this area. The various approaches can be classified in different ways (Southwood, 1978, ch. 12), but for the purposes of this book it is convenient to think of the three categories mathematical, statistical and predictive modelling. Mathematical modelling is concerned largely with developing models that capture the most important qualitative features of population dynamics. In this case, the models that are developed do not have to be compared with data from natural populations. As representations of idealized systems, they can be quite informative in showing the effects of changing parameters, indicating what factors are most important in promoting stability, and so on.

L'exp?ence accumul?pendant plusieurs ann? nous a permis de disposer d'un grand r?au d'Entreprises Commerciales et Industrielles ?arcelone et dans les principales villes d'Espagne. L'objectif de FP Stages de Commerce International est d'accompagner les ?diants ?hoisir l'entreprise la mieux indiqu?et celle qui correspond le plus ?leur profil et ?eurs attentes professionnelles. Nous offrons toute notre exp?ence dans un suivi individualis?out au long du stage. Afin d'accomplir notre mission, nous nous appuyons sur deux fondamentaux

indissociables : 1) Une parfaite connaissance du milieu universitaire et des Grandes Ecoles de Commerce : Notre activité nous oblige à être en contact permanent avec les meilleures formations de l'enseignement supérieur. Ainsi, l'heure de diffuser les offres de stages, nous sommes en mesure de cibler les attentes de l'étudiant et de lui offrir le stage correspondant à sa formation universitaire. 2) Une méthodologie novatrice: Analyse de la demande de l'étudiant et de celle de l'entreprise Publication ciblée des offres de stages Entretiens et évaluation des candidats Présentation des candidats aux Entreprises avec synthèse, conclusion et recommandations FP Stages de Commerce International 10 bonnes raisons pour les étudiants de choisir FP Stages de Commerce International

Stage-Structured Populations: Sampling, analysis and simulation Stage-Structured Populations: Sampling, analysis and simulation (Molecular Biology Intelligence Unit). Springer, 12/14/1989. 1990. Hardcover. Used Good.

Stage-Structured Populations by Bryan F. J. Manly There is a large literature on the modelling of biological populations, and a multitude Sampling, analysis and simulation (Molecular Biology Intelligence Unit).

Stage-Structured Populations: Sampling, analysis and simulation Molecular Biology Intelligence Unit Sampling, analysis and simulation for obtaining and analysing data from stage-structured biological populations.

Stage-Structured Populations - Sampling, analysis and - Springer Buy Stage-Structured Populations: Sampling, analysis and simulation (Molecular Biology Intelligence Unit) on Amazon.com with **FREE SHIPPING** on qualified **Stage-Structured**

Populations: Sampling, Analysis and Simulation by - Buy Stage-Structured Populations: Sampling, analysis and simulation (Molecular Biology Intelligence Unit) book online at best prices in India on Stage-Structured Populations -
