

How to Add Value to Your Christian Life

God does not expect a Christian to begin and end at the point of receiving salvation. The purpose of salvation is to usher one into the Kingdom of God. One needs to follow up their salvation with a continual personal development consistent with the new life. After birth, a baby should begin to crawl, then to stand, then to speak more distinctly, then to run and eventually grow into an adult. It is the same with the Christian. After one receives salvation, God expects them to develop, stage by stage, neither ceasing nor retracting. This is the only way one could enrich their Christian life. This is also how they could fortify it. The objective of this book is to motivate you to become a valuable Christian in the various spheres of your life. The book provides you with useful knowledge on how you could continuously develop yourself in this direction.
