

Caught at the Edge

Caught at the Edge, a novel by Raymond Storm, shows in graphic detail the lives of boys caught in the web of the Mexican Drug Cartel. Storm involves the reader in the lives of members of a street gang in East Los Angeles. He shows how young teens can be an easy target for criminals - looking for disposable hit men who can be easily lured by the promise of money, guns, and fast women. Young Xaviar, abused and neglected by his mother, his father, stepfather, and finally his foster parents, is duly impressed when he meets his Uncle Mateo. Here is a man who commands respect with his expensive cars, clothing, and jewelry. Mateo buys his way in the world, and he can do the same for Xaviar and his homeboys. There is a price to pay, of course, but to young men who have nothing and who laugh in the face of danger, the challenge is but a great adventure. Xaviar and his homies are caught up in the life of the rich and fearless. Xaviar comes to think of himself as invincible and of killing as a way of life that defines him. He becomes known as El Diablo and is proud of the fear he inspires. Until he loses what is dearest to him.

This book also portrays the hope of something better. Xaviar is caught at the edge of destruction and saved from suicide by finding a better way of life when a Christian minister intervenes. This book is exciting to read. It is heart breaking, too, when there are so few alternatives for the future. Caught at the Edge contains adult content, including language, sex, and violence. It is a portrayal of life as it can happen to children abandoned by their families and society making them turn to the streets when there is no place else to go. This book shows young people that they are not alone in their situation and that there is a way out a better way to live.
